

BEFORE THE STATE OBJECTIONS PANEL

In re: Nomination Petition for Primary Election of Abby Finkenauer, candidate for U.S. Senator

OBJECTIONS TO NOMINATION PETITION:

We, the undersigned electors who reside in the State of Iowa, object pursuant to Iowa Code § 43.24 to the Nomination Petition for Primary Election filed by Abby Finkenauer as a candidate for U.S. Senator. Finkenauer filed her petition, along with an Affidavit of Candidacy, in the office of the Secretary of State on March 10, 2022. Finkenauer seeks the nomination of the Democratic party.

I. Requirements of a valid petition.

A candidate for U.S. Senator needs signatures from not less than 3,500 eligible electors on her nominating petition. Iowa Code § 45.1(1). In addition, the candidate must have signatures of at least 100 eligible electors from at least 19 counties in the district. *Id.*

Iowa Code § 43.14(2)(c) states that a signature line on a nomination petition “shall not be counted if an eligible elector supplies only a partial address or a post office box address, or if the signer’s address is obviously outside the boundaries of the district.” The Secretary of State’s candidate guide helpfully explains this requirement:

All signers must include the following information:

- A signature (the signature may be printed)
- **The address of their residence**

This must include a house number, street name, and city. Providing only a post office box is not sufficient. A signer who is homeless should describe where the signer lives or write “homeless”.

[§43.14(2), 43.15(1)]

(Secretary of State 2022 Primary Candidate Guide 8). In addition, “[a] signature line shall not be counted if any of the required information is crossed out or redacted at the time the nomination papers are filed with the state commissioner...” Iowa Code § 45.5(2)(d). Iowa Code § 43.15(3) also requires signers of petitions to include the “date of signing.” Several signature lines omit this information.

As explained above, candidates must submit nomination petitions that satisfy both a total-signature requirement and a county threshold requirement. To facilitate this, Iowa Code § 43.15(3) requires that the signers of a particular nomination petition page must be from the same county. Again, the Secretary of State’s guide to primary candidates flags this requirement:

The following information must appear on each petition candidate header for U.S. Senate, U.S. Representative, and statewide candidates:

- Signers’ County of Residence

This is required on petitions for U.S. Senate, U.S. Representative, and statewide candidates. **Each petition page should include signatures from only one county for these offices.**

[§43.15(3)]

(Secretary of State 2022 Primary Candidate Guide 7).

The code contemplates that a candidate may need to check her nomination petitions for issues such as having eligible electors from more than one county on a sheet. Iowa Code § 43.14(2)(d) states “[a] signature line shall not be counted if any of the required information is crossed out or redacted at the time the nomination papers are filed with the state commissioner...” This possibility is noted by the Secretary of State’s guidance:

Count the signatures.

Best Practice: File more than the required number of signatures since it is possible for signatures to be challenged. **If there are signatures on a petition that should not be included, simply draw a line through the names. Those signatures will not be counted.**

(Secretary of State 2022 Primary Candidate Guide 9).

In addition to having the correct number of signatures, nominating petitions must include certain mandatory information in the header. The Secretary of State provides an official form for the use of candidates. Iowa Code § 43.8. Although a candidate may substitute his own form, it must be “in form substantially as provided” by the requirements for official nominating papers. Iowa Code § 43.10. Whatever form the candidate uses, the nominating petition “shall include or provide spaces for the following information...(e) The office sought by the candidate, including the district number, if any.” Iowa Code § 43.14(1)(e). Thus, the Secretary of State’s official nominating petition form includes blanks for this information at the top right-hand corner of the form’s header:

**State of Iowa
Nomination Petition for Primary Election**

Candidate Information

Candidate's Name: _____ Office Sought: _____

Candidate's County of Residence: _____ Office District (if any) _____

Date of Election: ____/____/____

Is the candidate running to fill a vacancy due to the death, resignation, removal, or temporary appointment of an office holder? No Yes

Candidate's Affiliation (Candidate, please check one box.)

Democratic Republican

Required For Federal and Statewide Petitions: Petition pages shall contain signatures from only one county. The name of the county must appear on each petition page. This petition page contains the signatures of eligible electors from _____ county.

Iowa law makes clear the information that is required in the nominating petition and gives candidates who submit deficient papers no ability to argue that the deficiency is immaterial. “Signatures on a petition page shall be counted *only* if the information required in subsection 1 is written or printed at the top of the page.” Iowa Code § 43.14(2)(a) (emphasis added). If objections are made to a nominating petition “relating to incorrect or incomplete information for information that is required under sections 43.14 or 43.18” those objections “*shall be sustained*” (emphasis added). This sentence was added by the legislature last year. 2021 Iowa Acts, Ch. 147, § 9. In other words, the board lacks the discretion to excuse a failure to provide sufficient information. The legislature has directed in two locations that the petition header information must be complete and accurate for the signatures on that page to be counted.

One item of information that must be included in a petition header is the candidate’s county of residence. Iowa Code § 43.14(1)(c) (requiring that nomination

papers other than candidates for the general assembly include “a statement of the name of the county where the candidate resides.”) Because the candidate county residence information is mandated by Iowa Code § 43.14, the failure to include it invalidates the sheet and the board is required to sustain the objection to it.

Finkenauer turned in nomination petitions that purport to have more than 100 signatures from 20 counties. The counties are:

County Name:	Signatures:
Allamakee	103
Black Hawk	143
Cedar	103
Clinton	100
Dallas	139
Des Moines	108
Dubuque	210

Muscatine	101
Polk	302
Pottawattamie	111

Woodbury	185

Because in four of those counties (Allamakee, Cedar, Clinton, and Muscatine) the number of valid signatures does not equal or exceed 100, she has failed to qualify for the Democratic primary ballot.

II. Finkenauer submitted 103 signatures for Allamakee County. Four of those signatures are invalid, leaving her with 99 signatures and 19 counties exceeding the 100-signature threshold.

V. Finkenauer submitted 101 signatures for Muscatine County. Two of those signatures are invalid, leaving her with 99 signatures and 16 counties exceeding the 100-signature threshold.

IV. Because Finkenauer has failed to submit 100 or more signatures from at least 19 counties, she may not appear on the Democratic primary ballot for U.S. Senator.

Finkenauer has failed to qualify for the Democratic primary for U.S. Senator because she has not complied with the requirement to submit 100 or more signatures in at least 19 counties. She is three counties short of this requirement. The State Objection Panel should sustain the objections and direct that Finkenauer's name not appear on the primary ballot.
