Dear Meaghan,

Jason Besler would be an exceptional choice to serve as a district court judge. I encourage Governor Reynolds to look favorably on his nomination.

I first met Jason in 2002 and have stayed in touch with him over the years. I found him to be a kind, consistent, and thoughtful conservative. His addition to the Iowa judicial branch would be a benefit to both to the state of Iowa and in the advancement of conservative jurisprudence.

Thank you for your time and consideration.

Sincerely,

Caleb Hunter
