Hello Pat,

I noticed the video from today's press conference cuts off before the Q&A with reporters.

I realized the publicly available video from her April 23 press conference also does not include any of the Q&A.

Is the governor's new policy not to make full video of her press conferences available? If so, Governor Reynolds afraid to let lowans hear what journalists ask her and how she responded?

Thanks in advance for any clarification you can provide.

Yours,
