Laura --

As the House voted on articles of impeachment yesterday, we hoped that everyone would treat this process with the seriousness it deserves.

But of course, Steve King came to the House floor not to make a case about the facts at hand, but instead to repeat a debunked conspiracy theory that it was Joe Biden, not President Trump, who tried to extort Ukraine.

Enough is enough. We need a representative in Congress for Iowa's 4th, not a Grade-A conspiracy theorist. Rush \$5 or more now to help J.D. Scholten beat Steve King.

King also said that Joe Biden isn't *really* running against Trump. Apparently this flimsy logic is enough for Steve King to justify asking a foreign country to interfere in our election.

Republicans think Steve King is too racist and extreme to serve on House Committees but are more than happy to have him repeat far-right conspiracy theories to try to derail this inquiry. That's because they don't want to do the harder job of listening to the facts and deciding what's best for the American people.

J.D. would treat impeachment seriously and weigh the facts of the case, not repeat conspiracy theories on the House floor. He would put country before party and not play partisan games with the rule of law and our election security. That's why we need him in Congress, and that's why we need everyone to pitch in what they can to help elect him.

Thank you,

-- Team Scholten
