Representative Windschitl,

I tried calling you about an hour ago or so. I heard from the Senate that they have prepared the language, and they shared it with me. It does the job to save the state all that money for 2017, and any other year's audit. They've shared that the House is saying no to it.

It can't merely be a timing issue, as we are seeing numerous new bills being offered.

I realize everyone is tired and wants to go home. This is an easy chance to do the right thing for taxpayers. The bill is already prepared. We just need your end to say yes.

Call me at 515-281-5983 if you have questions or need me for anything. I am happy to be helpful however that may be.

Thanks,
Rob
