Hi, this is Congresswoman Ashley Hinson.	AH	Soft, inspirational music
I recently completed my third 20 county tour of our district, and while I was on the road, farmers and small business owners across northeast Iowa have expressed concerns about the Biden Administration's proposal to eliminate stepped-up basis.	AH	Soft, inspirational music
Stepped-up basis allows farmers to pass on their land to the next generation or rely on it for retirement, without being slapped with a massive tax bill.	AH	Upbeat, energetic music
This would be a disaster for Iowa's farmers, essentially sticking a "for sale" sign on thousands of family-owned and operated farms in Iowa.	AH	Upbeat, energetic music
That's why I am working with pro-agriculture legislators to stop this proposal.	AH	Upbeat, energetic music
If you have any questions about stepped-up basis or need assistance dealing with the federal government, please contact my office at Hinson dot house dot gov.	AH	Upbeat, energetic music
