During this week's Capitol Hill Report, I answered questions on the [Trade Review Act](#), year-round E15, the Department of Defense, Ukraine, deportations and the federal deficit. Listen to the Capitol Hill Report [HERE](#).

Q&A: Default Collections Update for Student Borrowers

Q: When will default collections start for delinquent federal student loans?

Q: What resources are available for student borrowers to learn more?

This week, I joined Governor Kim Reynolds and Representative Zach Nunn to celebrate the [grand opening](#) of Youth and Shelter Services' new [Ember Recovery Campus](#) near Cambridge. The facility will provide critical support for Iowa teens and young adults who are struggling with substance addiction, helping them get back on track and building a brighter future for our next generation. I'm proud to see this visionary effort come to life and I congratulate the grassroots leadership behind it. Ember will be a lifeline for young Iowans and a meaningful resource for families across our state.

During this April recess, I held meetings in 24 of [Iowa's 99 counties](#). This week, I had Q&As with [high school students](#), [health care providers](#), [factory workers](#) and many more Iowans. I bring your views to the policymaking tables in Washington and, of course, I encourage Iowans to [contact my office at any time](#).
