USING OFFICIAL FUNDS]**

**Hi, this is Congressman Randy Feenstra.**

**More than 8 years ago, Scott and Michelle Root received a phone call that is every parent's worst nightmare.**

**Their 21-year-old child – Sarah – was killed in a car accident by an illegal immigrant who was driving while drunk.**

**Instead of being held accountable for his crimes, the illegal immigrant posted bail, was released from jail, and never seen again.**

**That's why I introduced Sarah's Law to detain and prosecute any illegal immigrant who injures or kills an American citizen.**

**No family should have to endure the pain of losing a child like the Root family has.**

**My bill will make illegal immigrants answer for their crimes and keep our kids and our communities safe.**

**I will continue to work to secure our border and deliver justice for the Root family.**

**To learn more about my work to secure the border, please visit my website at [Feenstra.House.Gov](https://Feenstra.House.Gov).**

**Paid for by official funds authorized by the House of Representatives.**
