No plans to move it at this time. I only stated it that way because for operational purposes the aircraft could be moved for the departments needs.

Alex

Thank you. You said "currently" the aircraft will be stored in Waterloo. Are there plans to move it to another hangar later? Or staffing issues that may require moving it?

Laura,

What is the status of this Cirrus airplane? When will it be delivered? Where will it be stored?

The Cirrus aircraft was delivered and we took possession of it on December 9th. Currently, the aircraft will be stored in Waterloo.

Has the state already handed over the airplanes that were part of the purchase agreement?

Yes, Two- Cessna 172 and One- Cessna 182

Circling back on this. What caused the delay? Has the state already handed over the airplanes that were going to be part of the purchase agreement for the Cirrus?

What is the reason for the delay? And will the state pay less due to the late delivery?

On Wed, Oct 13, 2021 at 8:48 PM Dinkla Alex <dinkla@dps.state.ia.us> wrote:

Laura,

The ISP has not taken possession of the Cirrus aircraft yet. We hope it will be delivered around late December.

Respectfully,

Alex

Hello Debbie,

Did the Department of Public Safety take possession of the airplane purchased last year, using funds allocated from the Rebuild Iowa Infrastructure Fund?

If so, when did that happen? Information you sent some months ago indicated that was going to happen in the late summer.

Thanks in advance for any details you can provide on the status of this purchase.

Yours,

Laura
