

## Elected Officials' Public Schools Support Pledge

I, \_\_\_\_\_ hereby proclaim my support for Iowa's Public Schools. In my office, \_\_\_\_\_, I promise to vote for policies that will benefit Iowa's public school students.

I also pledge to vote for policies that do not harm Iowa's teachers. Teachers are the lifeblood and foundation of public education. I vow to protect their salaries, benefits and retirement savings.

I pledge to support Iowa's school districts when they do the right thing for students and teachers. That means supporting sustainable growth amounts that actually grow and sustain our public schools – not force them to make staffing cuts or bloat classroom sizes to make ends meet.

I pledge to support other politicians who support public schools.

I pledge to be a voice for Iowa's public schools and speak out when I see injustice in funding or policies that will harm public schools.
