Paige -

I work with Heritage Action For America - coordinating a new multi-state election reform campaign. We understand Governor Reynolds is going to sign HR 590 on Wednesday (tomorrow), confirming that is correct. We would like to highlight these reforms and signing it into law to our 2 million grassroots members.

Also if possible, would love to have our president, Jessica Anderson, connect with the Governor and thank her personally for being the first state to pass meaningful reforms this session that will restore faith in our elections.

Let me know who I should connect with in Governor Reynolds' office about this.

Thank you in advance,

Jennifer Butler

Subject: Video Request from Heritage Action

Hi Stephanie and Pat,

I know Katie Delzell connected with Stephanie last week, but I wanted to reach out with a formal request of Governor Reynolds to complete a short video touting her work in Iowa on election integrity legislation and the natural partner conservative governors have in Heritage Action. Should Governor Reynolds be amenable, we would need the video by COB Monday, April 19th.

Our production team has asked, if the video is filmed from a phone, that the video be landscape/sideways and well lit. The video can be uploaded via the following DropBox link: <https://www.dropbox.com/request/zHxyKNMa6J954ZqINW9N>.

Below is the proposed script.

Please don't hesitate to reach out if any questions arise.

Thanks,
Mary Claire

Hi, I'm Kim Reynolds, governor of the great state of Iowa.

After the 2020 election, conservative governors around the country saw that there were opportunities to improve the electoral processes of their states. Americans have started to doubt the security of elections and the validity of their vote. Governors and legislators around the country are now being faced with the need to restore voters' confidence at the ballot box.

In Iowa, we recognized this need and immediately took action to prevent future uncertainty around elections in the Hawkeye State. In March, I was proud to sign into law legislation that strengthens election safeguards, ensures accurate voter rolls, and protects the vote of each Iowan. We were the first state this year

to enact these reforms, and thanks to the work of Heritage Action, I am confident that we have laid the groundwork for other states to take on this challenge.

Governors and legislators around the country have no better ally in this fight than Heritage. They have shared best practices for safeguarding elections with key policymakers and engaged with voters to increase public awareness of these reforms. Their nationwide network of Sentinels has provided crucial support to officials throughout the legislative process, further amplifying the need for these common-sense reforms.

As state leaders prepare to advance similar election integrity measures, Heritage is ready to engage, offering its resources as a partner in this ongoing campaign whose goal is one that I, and millions of Americans, support: to make it easier to vote and harder to cheat.

Because of this partnership, I am confident that our successes in Iowa will be replicated throughout the country, ensuring that citizens can have confidence in the integrity of their vote in any election. Thank you, Heritage Action, for your leadership in this fight.

--

Hi all,

We saw the bill got signed today. Great work! We issued this statement and sent to Iowa press, FYI:

I want Pat to weigh in here to confirm but I don't think we want a quote from the Governor going out on this until *after* she's signed the legislation.

Hi all,

Please let me know if you need any information from us on the election integrity project. We would love to include a quote from Gov. Reynolds in support of the project and reinforcing the importance of election integrity in Iowa and elsewhere. I am happy to send more details or a sample quote if that would be helpful. Thank you!

I am looping in our Press Secretary as well. [+Noah Weinrich](#)

We are hoping to do a national release on Monday and would like to include a quote from Governor Reynolds there.

And, then based on yalls timing, we will plan a second release around Governor Reynold's bill signing.

Look forward to working on this together!

Best, Jessica
