Alex,

On Aug. 31, I asked Michael Boal for all email and text messages between himself and Sarah Craig, on the issue of the IVH commandant's pay, since May 1 of this year. I never received a response to that request. Can you tell me why that is?

Clark Kauffman
Iowa Capital Dispatch

Clark, we've received your open records request. It is being processed. He'll be in touch with you if he has any questions. Thanks.

Thanks, Alex, but I realized you received the request. My question was why no one acknowledged or responded to the request in the three weeks since I filed it.

I'll report that you declined to say, unless this is a question you're still researching. Thanks.

Alex,

I still haven't received a response to my Aug. 31 record request.

You indicated on Sept. 20 that it was being processed, but it has now been 63 days and no records have been provided and no rationale has been given for withholding the records.

Under Iowa law, a public agency has up to 20 calendar days to respond, even in cases where the agency has to first determine whether a record should be considered public.

Can you give me an update on all of this?

Thanks.
